4. What should INO do in case of the Institute is not visible to applicants' while filling the scholarship application?

Ans. The INO should ensure the below points for the name of Institute to be visible to applicants while filling the scholarship application-

- The KYC of Institute must be completed.
- The course level and the courses run by the Institute must be updated. INO can update the same from his/her login.

5. Whether INO has to submit a fresh KYC in situation where schools/ colleges have been upgraded and their UDISE/AISHE code has been changed?

Ans. If institutes have been upgraded and have received new AISHE / DISE codes, they need to apply for fresh KYC through new codes and after that Institute should request DNO/SNO to merge both, old and new institutes.

After merging of Institutes all the applications available in old Institute's profile will be getting reflected in new Institute's profile and Old Institute's login Id would get automatically deactivated. Also, the document on how to apply for KYC is available on the portal under Institute corner. Please refer to the link for the same

https://scholarships.gov.in/public/userManual/KYC_REGISTRATION_PROCESS_INSTITUTES_V1.1.pdf

6. If an INO forgets their login credentials, do they need to submit KYC to the DNO, or can they reset their login credentials using the "Forgot Password" module under the INO login?

Ans.

- INO can re-set its password using "**School/Institute Forgot Password?**" option available on Institute login page. In this case INO is not needed to perform Aadhaar based face authentication.
- The password can also be reset by the DNO/SNO login. However, in this situation, INO will have to provide their AADHAAR related information (AADHAAR Number, Name, Gender, Date of Birth & Mobile number registered with Aadhaar) to DNO/SNO for updation in INO's profile.
- After successful updation of INO by DNO/SNO, new password will be sent to INO's registered mobile number.
- After successful reset of password by DNO/SNO, INO has to perform the Aadhaar based face authentication. (For detailed steps please refer User Manual of BioAuth in face authentication mode

https://scholarships.gov.in/public/userManual/UserManual_for_INO_and_HoI_to_perform_FaceAuth_withnewvalidations.pdf

7. In-case the INO is not able to print the KYC Registration form due to any unfortunate reason and gets logged out, what should Ino do?

Ans. Kindly refer to Step no. 10, screen 10 in the document i.e. "How To Fill Registration Form" manual in the below link under Institute Corner on NSP portal.

https://scholarships.gov.in/public/userManual/KYC_REGISTRATION_PROCESS_INSTITUTES_V1.1.pdf

8. How to activate Institute's HoI Login in-case of new KYC?

Ans. Before HoI's login, INO shall login and update his or her profile. After updation of INO's profile, HoI's login will be activated.

9. How to change the district of an Institute?

Ans. The district of an Institute can be changed only if AISHE / UDISE master is showing the updated (changed) district. NSP system will prompt INO to update the district as per AISHE / UDISE master, once INO logs in the system.

10. How will any institute get suspended?

Ans. Institute's verification section will be disabled as soon as any application belonging to the institute is marked as FAKE by the DNO/SNO/MNO of any scheme and Institute will be known as SUSPENDED INSTITUTE on NSP. During suspension period institute will not be able to verify any application i.e., institute's verification link will be disabled. As soon as any institute gets SUSPENDED, the applications pending for verification at 2nd level & final level verified applications (except those which are pushed to PFMS for payment) belonging to suspended institute will be sent back to institute's level and the same will be verified once again until institute's suspension is REVOKED by re-verification of suspended institute by DNO/SNO/MNO.

11. To whom institute should approach if it gets suspended by NSP?

Ans. The suspended institute can be revoked after re-verification of the institute by the same DNO (who marked the application fake) or by SNO of the state (to which DNO belongs to) or MNO of the scheme. Once institute is revoked then it will have to re-verify all eligible applications again (i.e. applications whose verification date is open by that time). Application verification date depends upon scheme. So, applications belonging to the schemes whose verification date gets over, by the time on which institute is

reverified by INO/SNO/MNO, it will remain unverified at institute level.

While marking applications FAKE, DNO/SNO/MNO will be intimated for the entire workflow / scenario of suspension & revoke process of the institute as an alert by the system.

12. Can approved KYC of an Institute be rejected or cancelled?

Ans. In-case any INO is marked as faked, the KYC of the HoI and INO of the Institute will be invalidated by the NSP portal. The institute shall initiate the process of KYC registration of HoI and INO once again.

13. In-case there is an Institute which is not reflecting in the reports associated with the BioAuth drive available in the SNO and DNO login. What should DNO / SNO shall suggest the Institute as next steps?

Ans. The Institute is not getting reflected because, its KYC has not been done yet. For the BioAuth, the KYC registration of the institute is must as first step. For detailed information, the Institutes are advised to follow the steps mentioned in the below link ('How to fill registration Form' i.e.

https://scholarships.gov.in/public/userManual/KYC_REGISTRATION_PROCESS_INSTITUTES_V1.1.pdf
